## INTRODUCTION AND BACKGROUND

This pack contains information on the upcoming Para Sport Festival for which invitations are extended to children from your school. This year's event is especially exciting as we look forward to the Paralympic Games in Tokyo between 25<sup>th</sup> August and 6<sup>th</sup> September, showcasing the considerable talents of thousands of para athletes from over 100 countries.

The Para Sport Festival is about providing a range of opportunities for young people with a physical, visual or hearing impairment to try new and exciting sports and learn more about the pathways that are available in the region. Furthermore, the event will highlight the opportunities for young people with disabilities to achieve at the highest level and hopefully inspire them to become our stars of the future.

The event is designed to allow young people to experience a wide range of parasports delivered by some of the best clubs and coaches available in Scotland. We have selected activities where we have strong club links so children can continue to enjoy and develop within the sports for many years to come.

Over the last few years, video footage has been captured highlighting the aims and potential impact of the event featuring testimonies from young people, parents, club coaches and professional officers. We hope this footage will prove a useful tool in providing an accurate insight to the event – please find the link to the video clip below –

After the event, Scottish Disability Sport Regional Manager Neal Herbert will make contact to share local opportunities and hopefully support transition into regular activity.
