## SUMMER FUN 2018

### Welcome to our summer programme of activities....

The recent survey undertaken by VOCAL reported that families required opportunities to choose local activities that work for their own families.

This year we have introduced a menu of activities to allow families to choose which best meet the needs of their child over the summer holiday period.

If you receive an Annual Budget or Direct Payment you can choose to use the budget to access the activities.

If your child does not meet the eligibility criteria for a budget you can still chose to access the summer programme but this will need to be self-funded.

If you are interested in any of activities then please directly contact the provider directly.
