

WELCOME

THE ACADEMY

Our main goal is to transfer our love for this sport so everybody enjoys it as much as we do. We want to get more people playing tennis more often.

This is why we have so many programmes, covering all ages and standards, from occasional players to regular ones. **NO MATTER WHAT YOU ARE LOOKING FOR, WE HAVE IT!** We try to offer the best possible service (on court and administration) and plenty of benefits.

PROGRAMMES

GROUP LESSONS

Our main programme and best one if you want to learn new things, improve all aspects in your game and can commit in advance for a block of lessons.

Flexibility. Ask for as many hours as you want, the days and times you can make. We will try our best to give you what you are looking for.

Plenty of advantages: discounts, several systems (goals, credit, reward, racquets, leaders...), internal competitions, individual reports, etc.

OTHER PROGRAMMES: drop-in sessions, pay as you play, customised, team practice, T4, analysis and summer camps.
